ELNA Medical has been transforming the Canadian healthcare experience since 2016.

As Canada’s largest integrated network of medical clinics, we strive to improve outcomes by providing quick access to quality care while leveraging state-of-the-art technologies and strategic partnerships with global leaders.

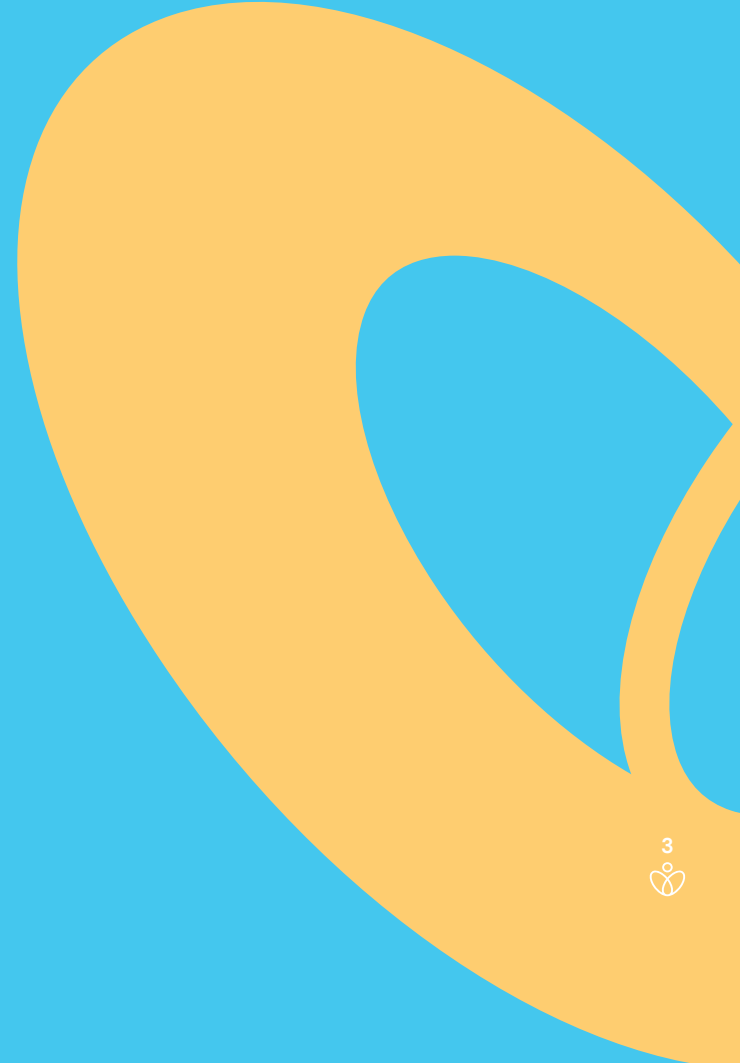

After two years of rapid growth and expansion throughout the country, we’re doubling down on our commitment by building an ultra-modern flagship medical complex with advanced technologies that will revolutionize healthcare delivery.

With expected GMF status and offering a comprehensive range of personalized primary and specialty care, including preventive and corporate medicine, as well as beauty and wellness services, all under one roof, our new ELNA Medical Complex at Rockland Centre is designed to meet the needs of both physicians and patients.

ELNA is combining state-of-the-art technologies with unrivaled support so you can focus on what matters most: your patients, your practice, and your quality of life.

Join ELNA in building the clinic of tomorrow, today.

– Laurent Amram, President & Founder, ELNA Medical Group

Practicing at ELNA Medical

ELNA Medical is creating a new health experience with unrivaled support to enhance your practice.

Joining our network allows you to focus on what's important: **your patients, practice and quality of life.**

Transform the future of healthcare

When you join ELNA, you're joining **Canada's largest integrated network of medical clinics**, dedicated to providing exceptional service and value to our physicians.

We support your practice providing exceptional service, value, cutting-edge clinic design and technologies. Our three-pronged omnichannel experience, combining our medical clinics, virtual care and industry-leading in-home solutions and diagnostics offers flexibility and endless possibilities.

Excellent practice support

ELNA's excellent support reduces your administrative burden and enhances your practice with a dedicated team of administrative, billing, marketing, management and medical staff handling everything from scheduling, invoicing, IT/ EMR, medical support, premises, supplies and more.

Increased practice flexibility

Work where you want, when you want with flexibility of practice.

At ELNA, we support practice autonomy. With a national network spanning 5 provinces through ELNA's 95 clinics and points of care and CDL's central lab and 20 collection centres, you can work from anywhere – full-time or part-time.

Competitive financial model

ELNA provides a **competitive financial model with unrivaled service.**

We also offer a wide range of incremental services to enhance your take-home pay, including Telemedicine, Occupational Health, Preventive Care, and Corporate Medicine.

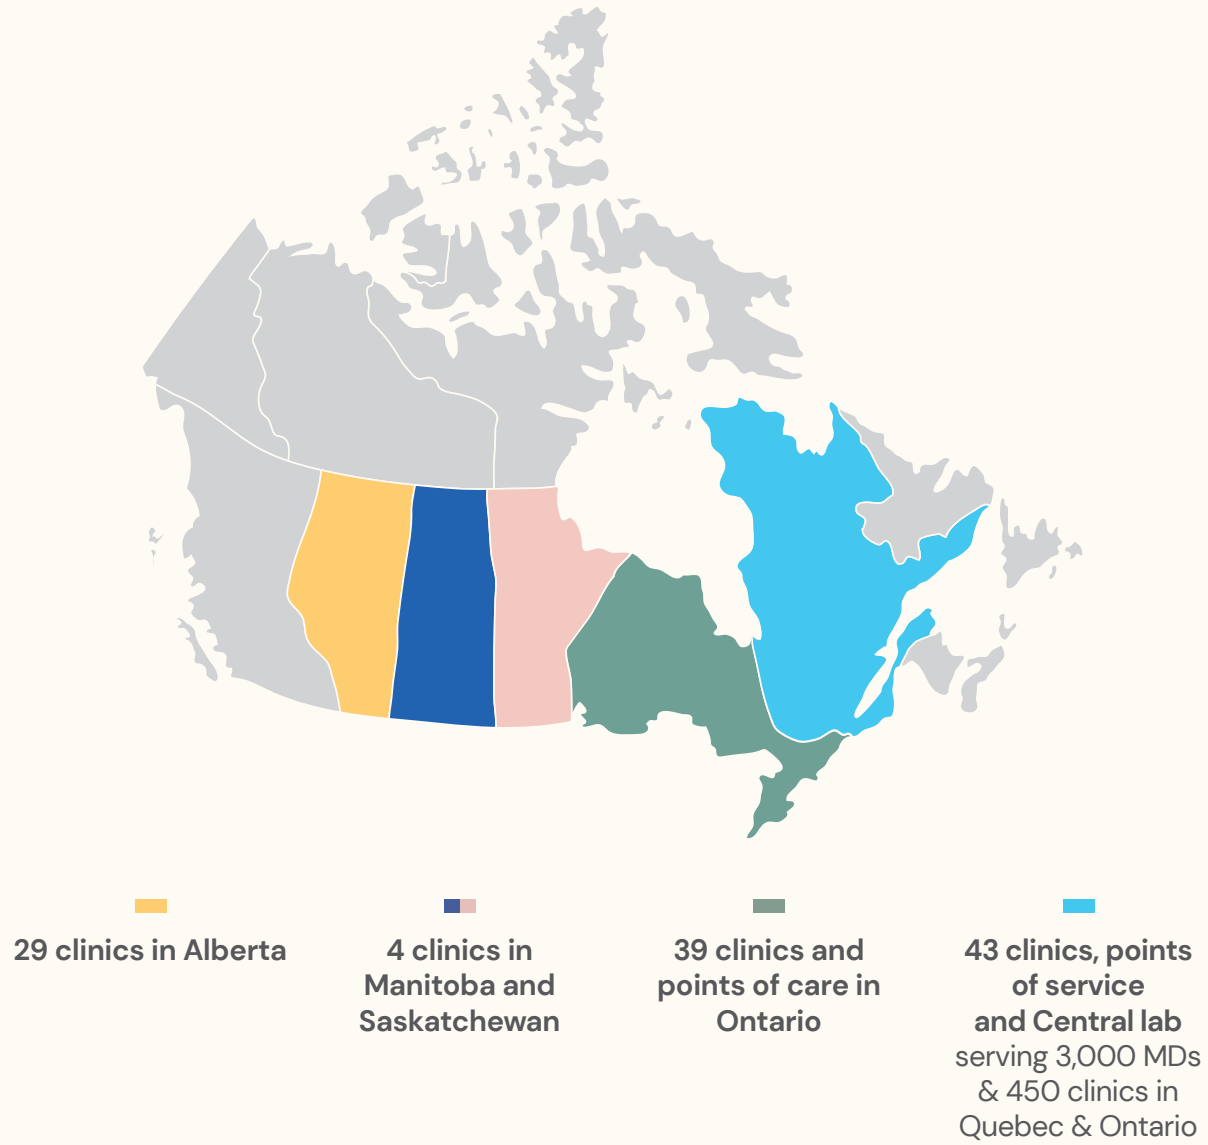

Canada's Largest Integrated Network of Medical Clinics

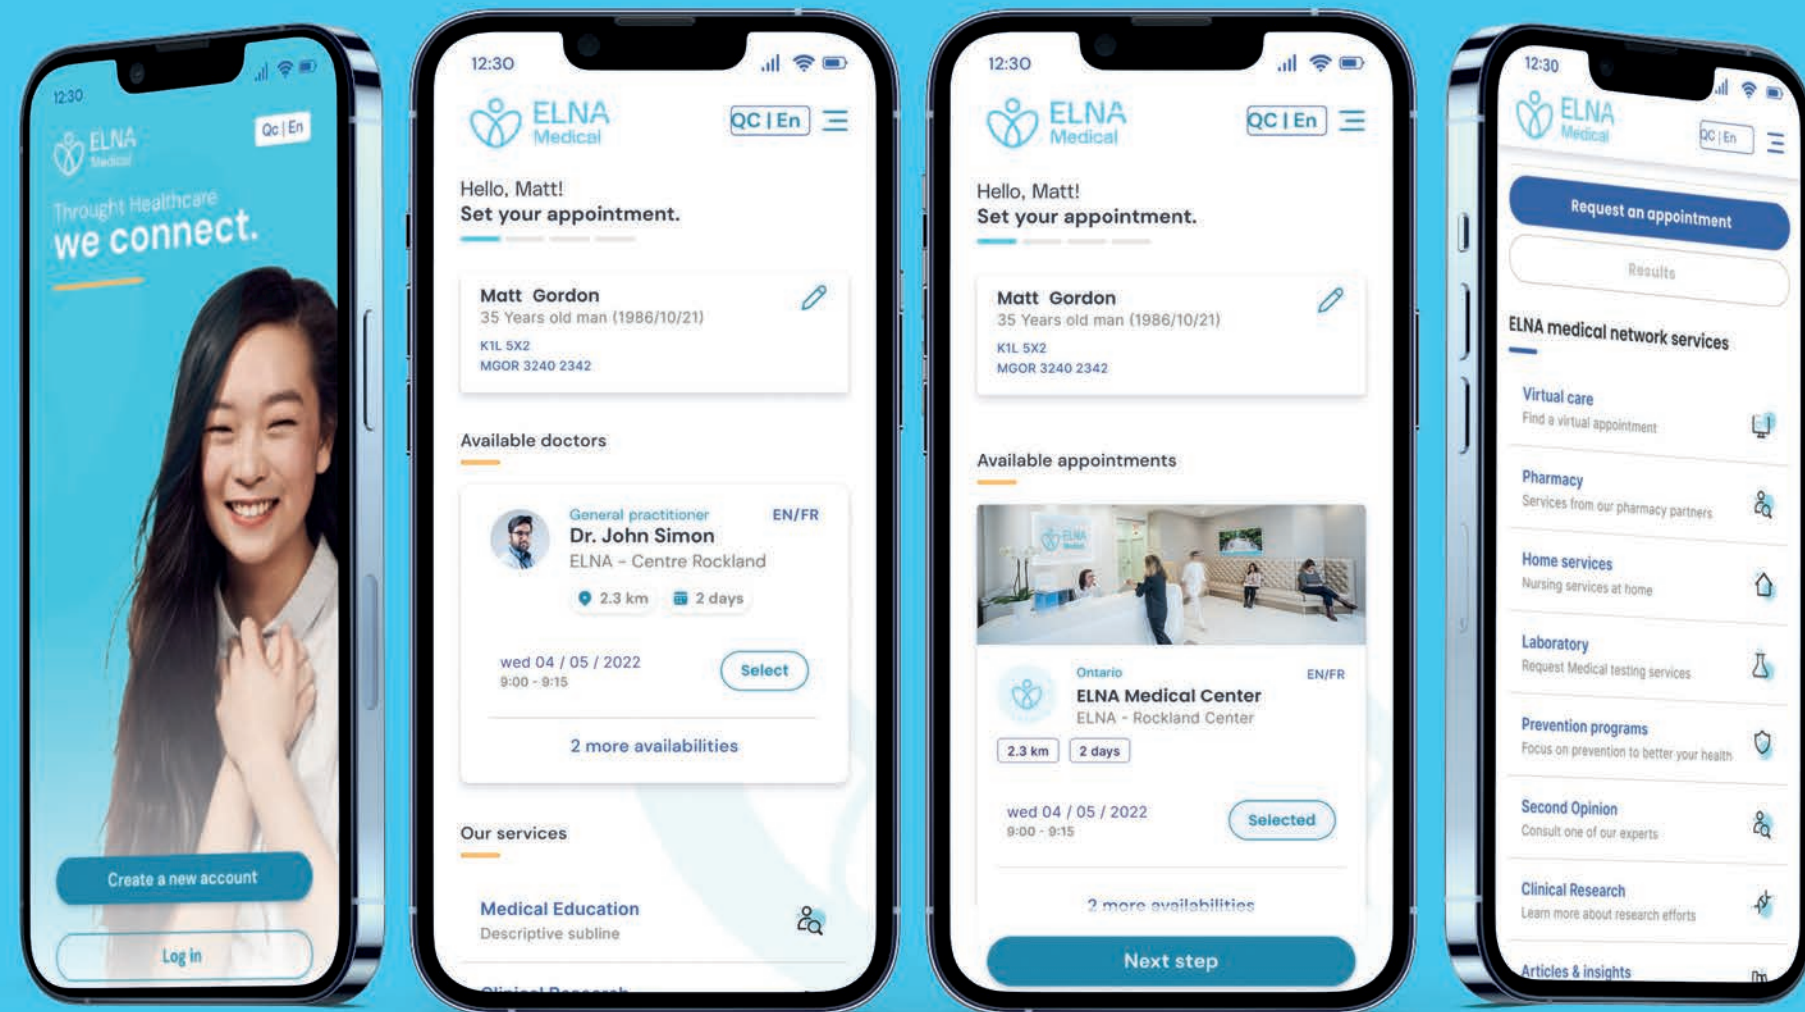

ELNA Medical is Canada's largest network of medical clinics and brings together a diverse and multifaceted team of seasoned executives. Covering every aspect from business development and operations to technology, innovation and AI, ELNA's solid and visionary management team has everything it takes to drive your practice and future of healthcare into a new era.

Treating more than 1.5 million Canadians every year, ELNA is true to its innovative spirit and mission of providing easily accessible and personalized medical services of the highest quality.

The ELNA Advantage:

- A national network of **115 clinics, points of care and collection centres**, including 40+ locations in the Greater Montreal Area.
- A nation-wide team of more than 1,000 medical professionals, support and administrative staff for doctors to focus on quality of care.
- Better outcomes, leveraged by state of the art technologies and strategic partnerships with global healthcare leaders.
- The most comprehensive primary and specialty care, with more than 30 in-house specialties under one network.
- Quick access to diagnostics through ELNA's wholly owned subsidiary: CDL Laboratories.
- Industry leading in-home diagnostic and real-time monitoring of patient vitals.

A Revolutionary Medical App

ELNA is transforming healthcare through disruptive technologies, powered by AI, and delivering **Canada's most comprehensive medical app**, designed to connect physicians and patients like never before.

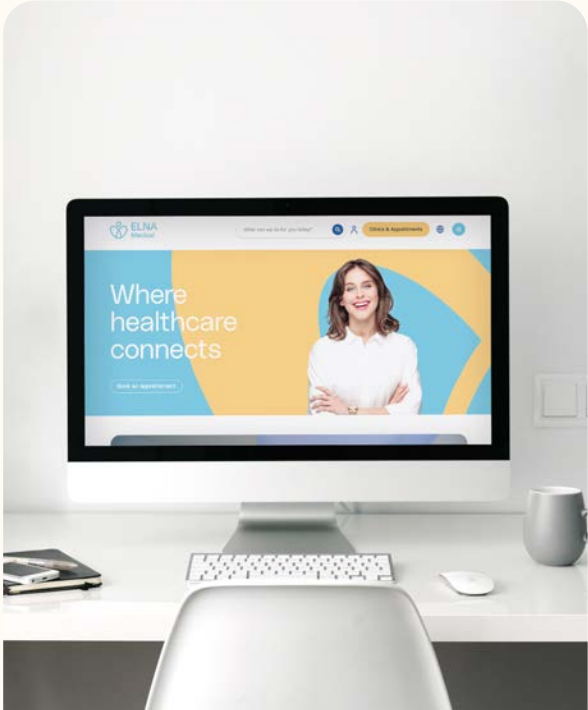

Our seamless cutting-edge platform will integrate virtual and home services with our premier in-clinic experience to provide a precise and preventive approach to medicine, personalized like none other.

- Appointments**
